Automate Mission-Critical Insurance Processes

- Capture • Classify • Validate • Workflow • Analytics

The list of pressures on your business is ever-increasing: managing costly manual processes, tight margins, limited resources, demanding customers, growing regulatory burdens, increased competition, and more.

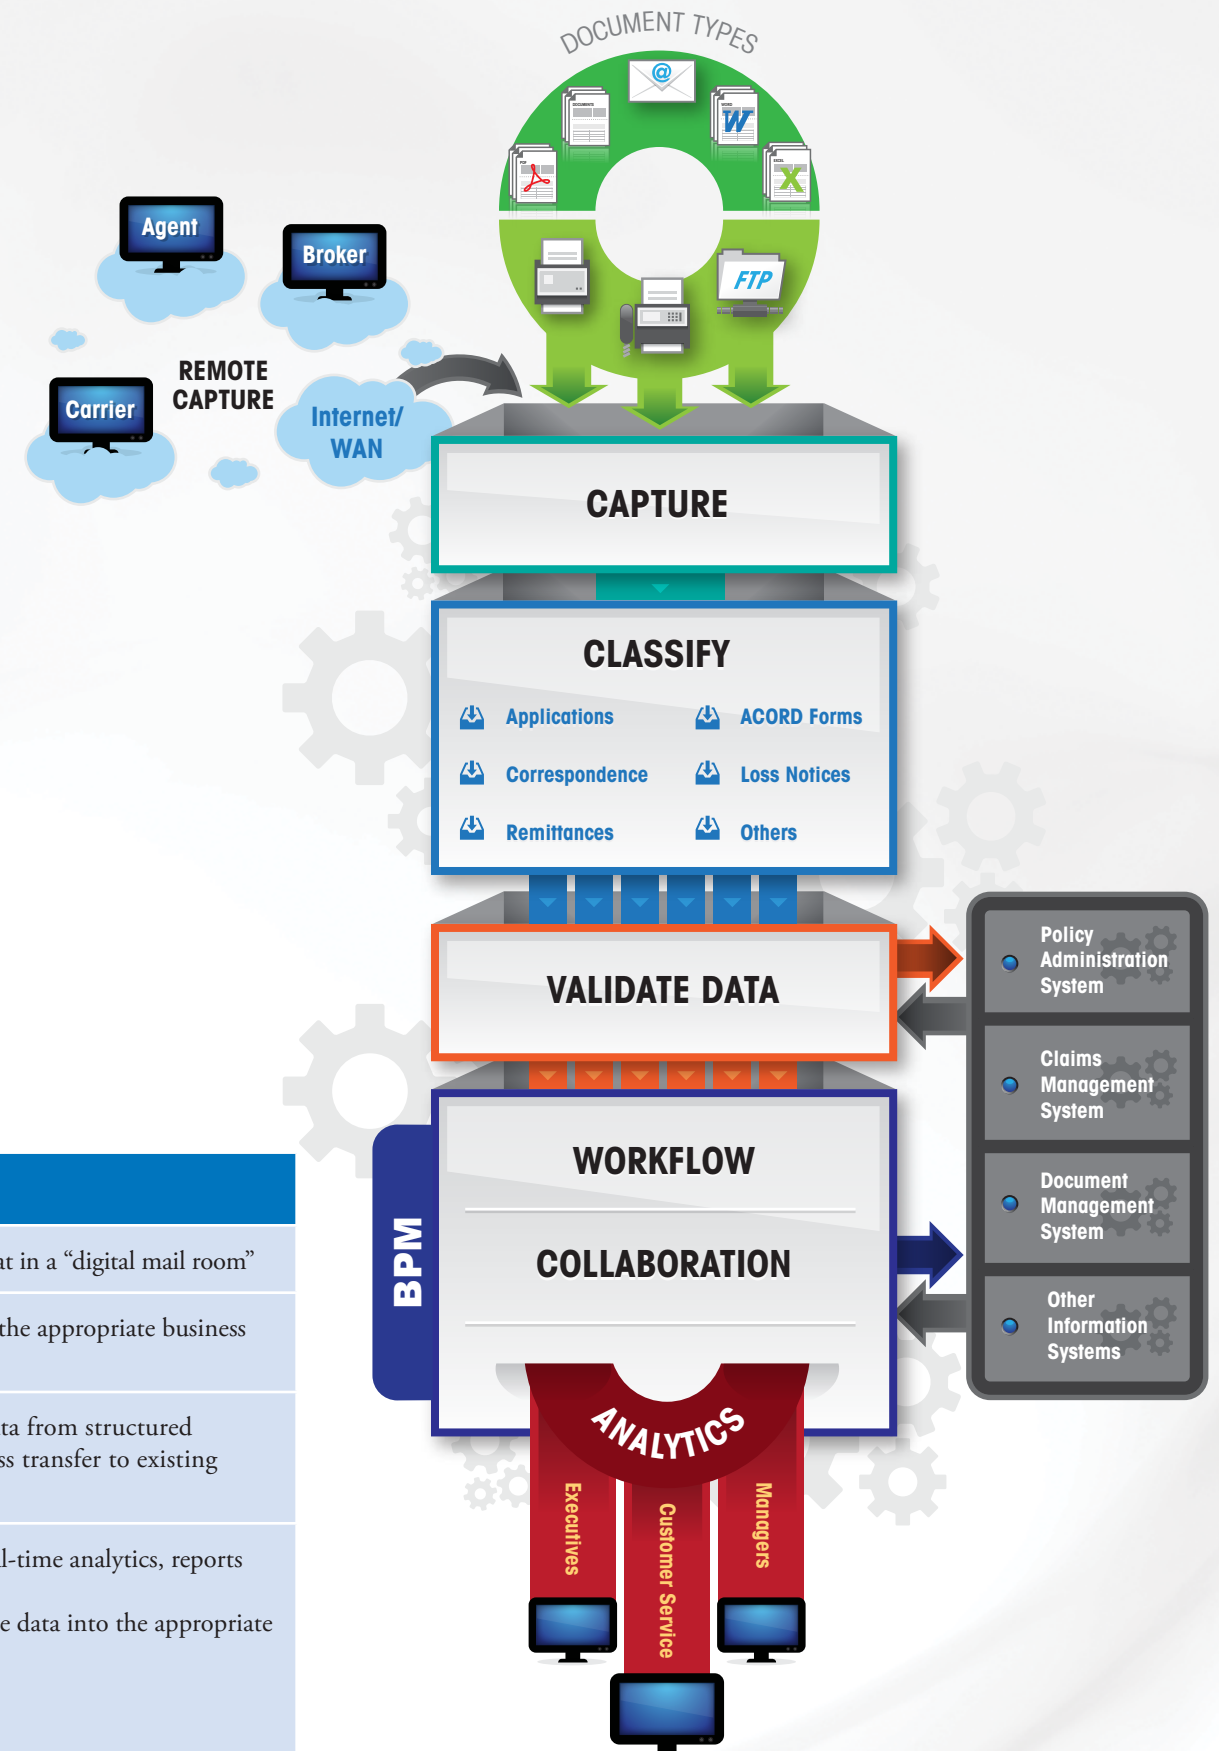

AnyDoc®INSURANCE™ Suite solves these challenges and more, by delivering real-time process and business analytics designed to maximize continuous business improvement and provide proven near-term ROI. Automatically capture, route, and process your insurance documents to:

- ✓ Speed quote to policy issuance process
- ✓ Speed claim resolution and reduce loss ratio
- ✓ Give management complete process visibility
- ✓ Increase customer retention
- ✓ Support regulatory compliance
- ✓ Validate data to ensure accuracy

AnyDocINSURANCE Suite empowers your organization to:

- Eliminate the costs associated with document prep, routing & distribution of paper documents
- Significantly reduce the cost of data entry
- Validate data based upon business rules and data from existing systems
- Automatically route exceptions to knowledge worker for resolution
- Reporting and analytics to improve efficiency and reduce cost of processing
- Increase customer satisfaction through improved business processes (or faster processing)

Business Challenge	The AnyDoc Solution
Receiving a variety of document formats from multiple sources	Receive all documents regardless of source, type or format in a “digital mail room”
Performing labor-intensive and time-consuming processes <ul style="list-style-type: none"> • Manual preparation, sorting, and distribution of documents 	Automatically classify the document type and route to the appropriate business unit for processing – no pre-sorting required.
Dealing with tedious manual data entry resulting in costly keystroke errors and inaccurate data in your insurance systems	Automatically capture and validate mission-critical data from structured and unstructured documents for indexing and seamless transfer to existing insurance systems
Manage manual workflows and critical business processes <ul style="list-style-type: none"> • Lack of process visibility, analytics, and reporting • Wasted time spent searching for or replacing paper documents • Inefficient and inconsistent processing 	Optimize efficiency and lower processing costs with real-time analytics, reports and Executive dashboards <ul style="list-style-type: none"> • Automatically route document images and accurate data into the appropriate worker’s queue for immediate action • Fast-track exception processing

Complete Line of Products

AnyDoc Software has been developing award-winning document, data capture, and classification solutions since 1989. More than 3,000 clients and 70,000 users worldwide in 45 countries rely on AnyDoc solutions to eliminate millions of hours of manual data entry while improving productivity and accuracy. Our products and solutions all operate from the ease-of-use, stability, and enhanced functionality obtained from years of experience and innovation.
